Relationship to candidate: Line Manager	
<b>Details of testimony:</b> <p>Dan has contributed to the Windows 10 rollout project in more than one way he has, helped with the planning of the project and the pre preparation of the project. He has also helped by chasing people when our numbers have been low and in some cases he has gone to people's line managers to make sure that we have enough people coming though. Dan has also spent a lot of time trying to find people that do not need the application that is stopping them from being upgraded and has then gone on to get them booked in for an upgrade or do their upgrade himself .</p> <p>Dan has gone to our sites in Lincoln to complete the Windows 10 rollout there, which required a lot of pre-planning. Without this pre-planning the trip would not have been as much of a success as it was.</p> <p>Dan has also been responsible for keeping an eye on our stock levels in our storage system to make sure that it is accurate and truly reflects what we have in our stores. Dan has also been responsible for ordering more stock when we get low and require more.</p>	
I can confirm the candidate's evidence is authentic and accurate.
